

## 2022 Fees – Support for Fathers

Support for Fathers is a national project coordinated by Relationships Australia Victoria that aims to support dads in their role as parents and partners, to increase men's involvement in gender equity and reduce family violence. The project is funded by Australian Federal Government and comes under the National Plan to Reduce Violence against Women and their Children 2010-2022.

Support for Fathers is providing dads with options on fatherhood, family relationships and connecting with kids, supporting dads and families to be happy and healthy. We support dads to be healthy role models for their family and for other dads in their community. We work closely with businesses, organisations, service providers and community groups to enable more inclusive and positive engagement opportunities with dads and families.

Support for Fathers has developed resources for dads and families, including a professionals' toolkit for services working with dads and families. We are providing national training opportunities to share our work face-to-face and via webinars. For more information visit [www.supportforfathers.com.au](http://www.supportforfathers.com.au).

### Our programs

Support for Fathers works alongside organisations to deliver *DadStuff* workshops for dads and father-figures in their community and *Working with Dads* training for professionals and support services. Further detail on these can be found below.

### ***DadStuff* workshop**

Interactive, evidence-based workshops for dads and father-figures to learn about fatherhood, options for being a dad, healthy family relationships, connecting with other dads and optional content about

workplace initiatives. Participants receive resources, strategies and information developed by the *Support for Fathers* project. Workshops are delivered by experienced *Support for Fathers* facilitators.

### ***Working with Dads* training**

Interactive, evidence-based training for professionals and service providers to gain knowledge and strategies to engage dads and father-figures, build a dad-focused service, promote to dads effectively, learn about the different types of dads and support dads to create positive family relationships. Participants receive resources, strategies and information developed by the *Support for Fathers* project. Workshops are delivered by experienced *Support for Fathers* facilitators.

### **Why Relationships Australia Victoria?**

Relationships Australia Victoria (RAV) is a leading training organisation with national and international expertise and 70 years' experience in relationship counselling, conflict resolution, family dispute resolution (FDR), family relationships, couples therapy and parenting education. (PTO)

As a Registered Training Organisation (RTO), RAV provides quality higher education, vocational training and professional development in a range of areas relating to relationship counselling, FDR, mediation and relationship education.

Our nationally recognised training courses are built on a framework of competency-based workplace training and assessment, and are focused on the knowledge and skills required to perform in the workplace.

Relationships Australia Victoria has an established reputation for delivering high quality, research and evidence informed training across a range of areas related to family relationships.
